Summary

Enthusiastic full-stack MERN developer with a passion for solving real-world problems through clean and scalable web applications. Experienced in real-time project development, CI/CD integration, and creating user-friendly interfaces. Actively explores new technologies and applies logic-driven approaches to complex challenges.

Skills

- **Programming Languages:** Java, C, C++, JavaScript
- **Web Development:** HTML, CSS, JavaScript (ES6+), Responsive Design
- **Technologies & Frameworks:** ReactJS, Node.js, Express.js
- **Databases:** MongoDB, Firebase, Supabase
- **Tools & Platforms:** Git, GitHub, npm, Postman
- **Other Skills:** RESTful APIs, Authentication (OAuth, JWT), Dynamic Programming

Education

Chitkara University *Oct 2022 – Ongoing*
BE in Computer Science Engineering
- GPA: 8.72 / 10.0

G.D College, Begusarai, Bihar *Mar 2019 – Mar 2021*
Intermediate (Class 12th)
- Marks: 357 / 500

Experience

iOS Developer *Feb 2025 – Mar 2025*
Infosys
- Developed a Hospital Management iOS app for appointments, patient records, and communication.
- Implemented secure authentication (OAuth, Firebase) and real-time sync via RESTful APIs.
- Followed MVC architecture and Apple's guidelines for consistent UX.

Projects

Real-Time Code Editor (Multi-User) *GitHub Repo*
- Built a collaborative platform supporting real-time code sharing and execution in 4 languages.
- Used **Socket.io**, MERN stack, and a custom terminal interface.
- Integrated image-to-text extraction using OCR and NLP to auto-generate content.
- Enabled multiple users to edit and run code simultaneously inside a shared room.

CATALOG – AI-based E-Commerce Product Generator *Github Repo*
- Built AI-driven tool to generate product listings from posters (title, price, description).
- Integrated image-to-text extraction using OCR and NLP to auto-generate content.
- Integrated image-to-text extraction using OCR and NLP to auto-generate content.
- Helped reduce manual entry by 80% with auto-fill and smart product tagging.

Achievements

- Ranked among the Top 100 students at Chitkara University.
- Solved 900+ DSA problems on platforms like LeetCode, GeeksforGeeks.
- Secured 10th place in a college hackathon by Coding Ninjas.
